

MRT4, MRTA6 & MRTA8 SHIPPING CASE LAYOUT OPTIONS

Rev. 0.1 / 12-17

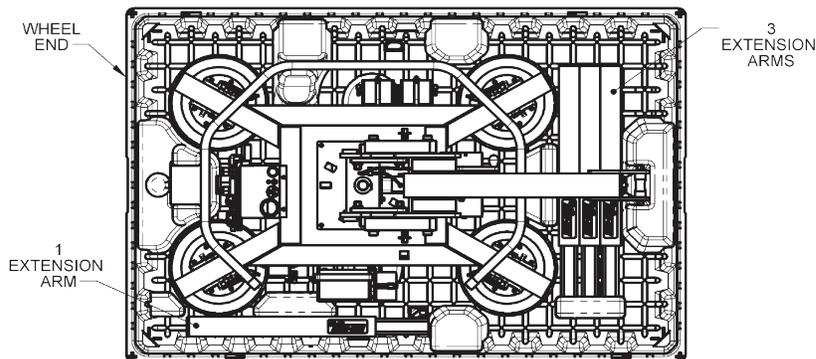

Instruction Sheet 32730 MRT4 & MRTA8 SHIPPING CASES

This case is equipped with a tray insert that accommodates an MRT4, MRTA6 or MRTA8 lifter, as shown in the illustrations. The tray can be removed and turned so that the heavier end of the lifter will be oriented towards the wheels, to make lifting and rolling the loaded case easier. After the lifter components have been placed in the case as shown, be sure to secure them with the nylon straps provided.
