

PRT489CDC3S SHOWN

About Intelli-Grip® Technology

WPG's innovative Intelli-Grip® employs self-diagnostics that help keep lifters ready for work and security systems that help bring workers home safe.

- Real-time monitoring of vacuum system and power system
- Diagnostic codes make troubleshooting easier
- Command prompts reduce human error
- Downloadable app allows remote monitoring from phone or other device

Maximize lifting power and precision!

PRT-DC3S

- Capable of lifting up to 5600 lbs (2540 kg)
- Intelli-Grip® Technology
